

LETTER

FROM THE

SECRETARY OF THE INTERIOR,

TRANSMITTING,

In response to Senate resolution of July 3, 1882, a detailed statement of account showing the amounts received as Indian civilization fund, the source from whence derived, and the disbursements, &c.

DECEMBER 7, 1882.—Referred to the Committee on Indian Affairs.

JANUARY 9, 1883.—Mr. Dawes reports back to print and be recommitted.

DEPARTMENT OF THE INTERIOR,
Washington, December 5, 1882.

SIR: I have the honor to acknowledge the receipt of a resolution of the Senate of the United States of the 3d July last, as follows:

Resolved, That the Secretary of the Interior be directed to communicate to the Senate a detailed account of the Indian civilization fund, its origin, original and present amount, and in detail what portion, if any, of it has been expended.

In reply attention is respectfully invited to the inclosed copy of letter of 23d ultimo from the Commissioner of Indian Affairs, to whom the said resolution was referred for report, and to the accompanying statement of account, showing the amounts received as civilization funds, the sources from whence derived, and the disbursements itemized.

It appears that the amount of the fund received up to the time of report is \$904,202.77; amount disbursed, \$892,625.32; leaving balance on hand, \$11,577.45.

Very respectfully,

H. M. TELLER,
Secretary.

The PRESIDENT OF THE SENATE *pro tempore*.

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
Washington, November 23, 1882.

The Hon. SECRETARY OF THE INTERIOR:

SIR: I have the honor to be in receipt by your reference of the 6th July last, for report, of Senate resolution of the 3d July, 1882, as follows, namely:

Resolved, That the Secretary of the Interior be directed to communicate to the Senate a detailed account of the Indian civilization fund, its origin, original and present amount, and in detail what portion, if any, of it has been expended.

In reply I have to report as follows: The civilization fund was origi-

nated by an act making provision for the civilization of the Indian tribes adjoining the frontier settlements, approved March 3, 1819 (3 Stats., p. 516).

Section 2 of this act provided for an annual appropriation of the sum of \$10,000 for civilization purposes, and was carried on the books of the Treasury and this department under the title of "civilization of Indians." until 1873, when by an act approved February 14, 1873 (17 Stats., p. 461), so much of the act referred to as provided for an annual appropriation of \$10,000 was repealed.

This fund was re-established under the title of "civilization fund" by the first article of the treaty with the Great and Little Osages, proclaimed January 21, 1867 (14 Stats., p. 687), which reads as follows:

The tribes of the Great and Little Osage Indians having now more lands than are necessary for their occupation, and all payments from the government to them under former treaties having ceased, leaving them greatly impoverished, and being desirous of improving their condition by disposing of their surplus lands, do hereby grant and sell to the United States the lands contained within the following boundaries; that is to say, beginning at the southeast corner of their present reservation and running thence north with the eastern boundary thereof fifty miles to the northeast corner; thence west with the northern line thirty miles; thence south fifty miles to the southern boundary of said reservation; and thence east with said southern boundary to the place of beginning: *Provided*, That the western boundary of said lands herein ceded shall not extend further westward than upon a line commencing at a point on the southern boundary of said Osage country one mile east of the place where the Verdigris River crosses the southern boundary of the State of Kansas. And, in consideration of the grant and sale to them of the above-described lands, the United States agree to pay the sum of three hundred thousand dollars, which sum shall be placed to the credit of said tribe of Indians in the Treasury of the United States, and interest thereon at the rate of five per centum per annum shall be paid to said tribes semi-annually, in money, clothing, provisions, or such articles of utility as the Secretary of the Interior may from time to time direct. Said lands shall be surveyed and sold, under the direction of the Secretary of the Interior, on the most advantageous terms for cash, as public lands are surveyed and sold under existing laws, but no pre-emption claim or homestead settlement shall be recognized; and, after reimbursing the United States the cost of said survey and sale, and the said sum of three hundred thousand dollars placed to the credit of said Indians, the remaining proceeds of sales shall be placed in the Treasury of the United States to the credit of the "civilization fund," to be used, under the direction of the Secretary of the Interior, for the education and civilization of Indian tribes residing within the limits of the United States.

Under the provisions of this article of the treaty, Congress, by acts approved April 10, 1869, and July 15, 1870 (16 Stats., pp. 55 and 362), authorized the sale of the lands mentioned, the proceeds of which have been deposited in the Treasury to the credit of the "civilization fund," and disposed of as shown by detailed statement of receipts and disbursements herewith.

The resolution of the Senate is respectfully returned.

Very respectfully,

H. PRICE,
Commissioner.
